

WORLD OF RADIO #1123, produced March 20, 2002 by Glenn Hauser

- *Standard disclaimer
- *DST arrives in Europe March 31, when many SW stations change times and/or frequencies, for seasonal reasons
- *All times here on WOR, u.o.s., are Universal Time, which does not change; responsibility of listener to use UT, or make conversions to local time, which may change depending on DST
- *Upcoming schedule changes for those stations still having DX programs on SW at <http://www.worldofradio.com/dxpgms.html>
- *Daniel Sampson reports new A-02 summer FCC SW schedule now at: http://www.fcc.gov/ib/pnd/neg/hf_web/hfff0z02.txt including new 11 MHz frequency available for WBCQ
- *WMLK, Assemblies of Yahweh has new site with photos, history, significance of call letters, at <http://www.wmlkradio.com>
- *WWRB has sign on gate claiming it's air traffic communications; rhombic antenna poles visible from outside; FCC still lists as WGTG
- *WSHB, Christian Science SW station for sale at \$6.5 million
- *Rep. Henry Hyde introduced legislation for another reorganization of US government international broadcasting, see DXLD 2-043, 2-046 to International Broadcasting Agency
- *What power Radio Marti runs on mediumwave from Florida to Cuba
- *HAARP ionospheric warming tests underway again from Alaska March 15-28; see DXLD 2-043
- *Yiddish Radio Project, Tuesdays on All Things Considered, ondemand
- *New 50 kW MW station imminent in eastern Nebraska, daytime power
- *FM tower felled in Fort Dodge, Iowa, also affecting KWMT-540
- *TV tower collapsed in North Carolina when plane hit guys, channel 40
- *America's Most Wanted, Saturdays on Fox, about to feature Steve Anderson, of United Patriot Radio
- *<http://www.timeanddate.com> is useful site for dates of DST; still no info on Mexico City, but elsewhere in country not until May 5
- *Guatemala's R. Amistad back, and R. K'ekchi upgraded, heard later than usual
- *Inactive Venezuelan SW frequency actually bears Cuban harmonic
- *WCBS and WFAN New York off two mornings in a row for maintenance; northeast DXers cleaned up with Canadians, domestics, Latins, and best of all, St. Lucia
- *HCJB A-02 schedule moves service to India later in morning, on 21 MHz mostly darkness path, interesting propagational experiment; most of the other English frequencies
- *R. Satellite, Peru, reactivated, but not as good as before, and format now religion
- *R. Educacao Rural, Coari, Amazonas, Brasil, in the clear for one hour when co-channel Brazilian is off the air
- *R. Ribeirao Preto reactivated on 90 meters
- *R. America, Paraguay, plans more 7 MHz broadcasts to Argentina, rest of S and N America; not a hoax. Manager is Jose Holowaty, ex-KGEI

- *Chile back on UT -4 since March 10
- *LRA36, Antarctica heard on a Sunday and later than usual with soccer
- *The media magazine you monitor with your mind, WOR 1123, P O Box 1684, Enid, OK 73702, USA; or wghauser@hotmail.com website for a great deal more info, <http://www.worldofradio.com>
- *Thanks this week for financial support go to: Gerald T. Pollard
- *V. of the People, clandestine to Zimbabwe has additional morning broadcast via Madagascar; current and upcoming frequencies
- *R. Okapi, Congo DR, finally heard by DXers, overcoming Habana
- *Burkina Faso's 5 MHz reactivation provides fine signals and music, but lately back to former frequency
- *Celtic Notes from Wales Radio International, A-02 schedule
- *BBC WS re-running Hitchhiker's Guide to the Galaxy in tribute to the late Douglas Adams; see our calendar page
- *The Greenfield Collection, classical music show, ending on BBCWS
- *R. Ezra back for a new run April 6, weekly to North America this time from unreleased site
- *Tourist station at La Rochelle, France, one watt on 25 MHz, recorded by David Hodgson, Tennessee
- *Irish church service on 27 MHz, recorded by David Hodgson, Tennessee
- *Norway may rent SW transmitters to Merlin, substituting for UK
- *Denmark eliminates SW staff, so will only relay domestic programs
- *R. Budapest, Hungary, new A-02 English schedule; and resumes Spanish, French, Italian
- *R. Ukraine International English webcasts confirmed at three times; weekends include DX program, mailbag, Music from Ukraine; better ``reception`` than a megawatt on SW ever provided
- *R. Tirana, Albania, new A-02 English schedule is silent on Sundays; Albanian still daily
- *Notturmo Italiano loses its main MW frequency, and Russia now heard instead
- *V. of Greece new schedule shows frequency in 17 MHz aero band
- *V. of Turkey new A-02 English schedule
- *Iran changing to DST on March 21: UT plus 4.5
- *193rd Special Ops Wing of Pennsylvania ANG arrived home March 19, after 300+ missions in Afghanistan: Commando Solo, Information Radio
- *But when did 8700-USB operation cease, and was it aboard plane?
- *Canadian relays of foreign stations schedule shows Vietnam staying on 6 MHz even in the summer
- *Adventist World Radio may substitute Taiwan for Guam during refurbishment of KSDA
- *V. of Indonesia, streaming confirmed including English via <http://www.rrionline.com/streaming/voi.aspx>
- *Several 90m Papua New Guineans heard around sunrise in Vermont
- *Ducie Island DXpedition, VP6DI, underway this week; see DXLD 2-045
- *See DXLD 2-043 at the end for report from Mark Fine on Swisher problem, in contact with Rutgers University operator of CODAR system
- *Propagation outlook from Boulder, March 19; flux range 175-165-180

*And so concludes WOR 1123; Glenn Hauser, here, hoping you've enjoyed
the program and will hear me again, next week ###
